MEMORANDUM FOR: Commander, Naval Intelligence Command

SUBJECT: Letter of Appreciation for Miss Eloise Page

REFERENCE: Your Memorandum of 26 July 1972,
Same Subject

1. I very much appreciate the trouble you went to in preparing reference on the subject of Miss Page. The work with the Navy on the anti-ship missile study was, of course, critical to the whole result and I am delighted to hear that Miss Page was able to play so useful a role.

2. Your memorandum is being included in Miss Page's personnel file.
